# DIVYABARATHI J

Computer Science Engineer

9962129508 | divyabarathi0311@gmail.com | linkedin.com/in/divyabarathi-j-1b76132a4

## PROFESSIONAL SUMMARY

Final-year Computer Science Engineering student with a CGPA of 9.6 and hands-on experience across backend development, full-stack development, AI chatbot integration, software testing, and UI/UX design through multiple internships. Proficient in Java, Spring Boot, React.js, Node.js, MongoDB, PostgreSQL, and REST APIs, with a strong foundation in Data Structures, OOP, and DBMS. Passionate about building scalable, AI-driven software solutions and solving real-world problems.

## EDUCATION

**S A ENGINEERING COLLEGE** **2023 - 2027**

Bachelor of engineering - Computer Science and Engineering

CGPA: 9.67/10

**ANITA MATRICULATION SCHOOL** **2023 - 2027**

Higher Secondary Certificate (Class XII)

Score : 85%

**ANITA MATRICULATION SCHOOL** **2020 - 2021**

Secondary School (10th Grade)

Completed under COVID-19 assessment scheme

## SKILLS

- **Programming Languages** : Java, JavaScript, C, SQL
- **Frontend Technologies** : HTML5, CSS3, React.js, Bootstrap, Tailwind CSS, Vite
- **Backend Technologies** : Node.js, Express.js, Spring Boot
- **Databases** : MongoDB, PostgreSQL, MySQL
- **Authentication & Security** : JWT (JSON Web Tokens), Keycloak
- **Developer Tools** : GitHub, Postman, Maven, Figma, Visual Studio Code
- **Core Computer Science** : Data Structures & Algorithms, Object-Oriented Programming (OOP),

## CERTIFICATIONS

- Java Programming (NPTEL) – Core Java & OOP (Score: 70%).
- Full Stack Development – VEI Technology.
- UI/UX Design with Figma – NSIC Industry.
- MATLAB Professional Certifications – 15 Certifications.

## EXPERIENCE

### Web Developer & Tester Intern

*Bonbloc Technologies Pvt. Ltd.* | *June 2026*

- Developed an Employee Management System using React.js, Node.js, and PostgreSQL.
- Created and executed JUnit test cases using Spring Boot to validate application modules and ensure code quality.
- Performed functional and manual UI testing for an FPO web application prior to client demonstrations.

Technologies: Java, Spring Boot, JUnit, Keycloak, Software Testing

### Backend Developer Intern

*Amihive Software Solutions* | *May 2026*

- Developed and integrated AI-powered chatbots into existing enterprise applications to enhance user interactions.
- Integrated AI APIs (OpenAI, Groq) and collaborated with the team to ensure seamless chatbot deployment.

Technologies: AI Chatbot Development, OpenAI API, Groq API, REST APIs, Node.js

### UI/UX Designer Intern

*Genex Corporation* | *March 2025*

- Designed the complete UI/UX for the eDiary application, from wireframes to high-fidelity prototypes, using Figma.
- Collaborated with developers to translate designs into intuitive, user-friendly interfaces while maintaining design consistency.

Technologies: Figma, UI/UX Design, Wireframing, Prototyping, User Research

## PROJECTS

### AI-Powered Healthcare Management System

*Technologies: React.js, Node.js, Express.js, MongoDB, JWT, Socket.IO*

Developed an AI-powered healthcare management system to streamline patient records, appointments, and hospital operations, integrating a rehabilitation monitoring module, secure JWT authentication, and optimized backend services for efficient healthcare management.

### Fundraising Platform

*Technologies: React.js, Node.js, Express.js, MongoDB, JWT*

Developed a full-stack fundraising platform with secure user authentication, campaign management, donation tracking, and REST APIs, ensuring efficient data management and a seamless user experience.

### Real-Time Chat Application

*Technologies: Node.js, Express.js, MongoDB, Socket.IO*

Developed a real-time chat application with private and group messaging, secure user authentication, and Socket.IO-based communication, optimizing MongoDB operations for efficient message management.

## ACHIEVEMENTS

- Ranked 1st in the Computer Science Engineering Department for four consecutive semesters (II–V), maintaining a CGPA of 9.6/10.
- Secured Second Place in a Code Debugging Competition, demonstrating strong analytical and problem-solving skills.
- Qualified for the Second Round of an Inter-College Poster Design Competition, showcasing creativity and design thinking.
